

# ANGEL REIKI

## Healing Alpha waves

Angel Reiki represents a treatment through healing music and \*Sound Reiki\*. It involves the transfer of a Harmonic Radiant Energy from Reiki music to the listener or patient. All the listener has to do is to allow the energy to be taken into her or his body.

Angelic beauty, crystalline melodies, sublime ambience... these elements are the bread and butter of Patrick Bernard's music.

With ANGEL REIKI, the ingredients are assembled with a purpose to help Reiki practitioners manipulate the healing energy of Reiki and channel God's love into another. Spacious synthesizer melodies lie at the heart of the album, as celestial vocal tones and occasional bursts of strings add to the loving embrace of the music. Alpha waves are used to help you relax and focus.

### PATRICK BERNARD

A resident of Canada, Patrick Bernard is currently celebrating twenty five years of well being music. Patrick Bernard creates original compositions in the tradition of devotional chant and invites his listeners into truly centered meditative states. In his recordings, ancient healing mantras and universal sacred chants are translated into a contemporary musical form, using high-tech synthesized multi-choral progressions and many ancient acoustic instruments. A warm and richly complex musical texture generates background for his singing in which he freely expresses his heart. Over the last decade, Bernard's records have consistently achieved high status in the realm of contemporary instrumental music, winning awards, achieving Gold status and even landing him on the Billboard charts (he was the first Canadian to climb Billboard's New Age chart).
