ARTIST

'Like falling in love all over again, hearing the new collection from Patrick Bernard is a divine listening experience. Patrick personally selected the songs and the sequence for this appropriately titled album "Supreme Moment" and it runs its course over his entire career, from 1987 to 2012. The theme is celebrating 25 years of devotional ecstasy!

Patrick Bernard is a pioneer in the field of Mantra Music. The music instantly and successfully takes you back to those moments of discovery, opening and illumination when his divine sound was first experienced. The choral effects and lush music balance between quiet simplicity and grand exaltation, with the peaks and valleys akin to one's own breathing patterns when deeply in touch with nature, birth, ecstatic moments or the tenderest of times. We used to refer to Patrick as the "male Enya," but at this point in his career, that seems understated. The combination of music, voice, lyrics, emotions and artistry are rarely equaled in this market, past or present. This celebration will assist in creating a better future, and enhancing your life in the meantime."

PATRICK BERNARD

A resident of Canada, Patrick Bernard is currently celebrating twenty five years of well being music. Patrick Bernard creates original compositions in the tradition of devotional chant and invites his listeners into truly centered meditative states. In his recordings, ancient healing mantras and universal sacred chants are translated into a contemporary musical form, using high-tech synthesized multi-choral progressions and many ancient acoustic instruments. A warm and richly complex musical texture generates background for his singing in which he freely expresses his heart. Over the last decade, Bernard's records have consistently achieved high status in the realm of contemporary instrumental music, winning awards, achieving Gold status and even landing him on the Billboard charts (he was the first Canadian to climb Billboard's New Age chart).
