Divine Feminine Nature

The music on this recording represents the creative force of the divine feminine nature within each of us. The work is rooted in the ancient wisdom of the Buddhist, Christian and Hindu sacred chants traditions.

*"The music of Patrick Bernard is timeless and his compositions on the Yogini album open vistas of the heart as if they were kaleidoscopic mandalas. In an expansive dissolving of time and space, what seems like slow motion actually steps through time into a Divine stillness. Majestic yet subtle washes of gentle tints arise from his palette of gracious musical generosity. Like the very breath of life, the music subsides and returns again, enhancing a state of peace and relaxation where we allow ourselves to simply be breathed. On Yogini, Patrick's incredible 24th recording since 1987, the voice of the Mother calls you Home."*

## PATRICK BERNARD

A resident of Canada, Patrick Bernard is currently celebrating twenty five years of well being music. Patrick Bernard creates original compositions in the tradition of devotional chant and invites his listeners into truly centered meditative states. In his recordings, ancient healing mantras and universal sacred chants are translated into a contemporary musical form, using high-tech synthesized multi-choral progressions and many ancient acoustic instruments. A warm and richly complex musical texture generates background for his singing in which he freely expresses his heart. Over the last decade, Bernard's records have consistently achieved high status in the realm of contemporary instrumental music, winning awards, achieving Gold status and even landing him on the Billboard charts (he was the first Canadian to climb Billboard's New Age chart).
